## NEED \$350,000 FOR GAS WORKS

Member of Committee Thinks Rehabilitation Will Cost This Amount.

LIGHT PLANT MATTER AGAIN

Fate of Measure May Be Decided by Committee To-Night. Money for Veterans.

Admiral Wood, Councilman W. L. White and A. L. Phillips, composing the subcommittee of the Committee of Light, entrusted with the duty of ascertaining the needs of the City Gas Works and estimating the cost of complete rehabilitation and asking for bids for the work, met yesterday afternoon and practically completed their work. The subcommittee, in conference with Mr. Knowles, went over the situation in detail and tabulated the needs of the works. Specifications will be prepared and bidders may bid on the work as early as on any one of the days before the committee will advertise for bids. Items of supply regarded as necessary to rehabilitation. The estimates made contemplate all the needs of the works, including the new real benches and everything required to get the plant in thorough condition, practically renewing it.

**Estimate Made.**  
A member of the committee stated after the meeting that the estimated cost of rehabilitation is approximately at \$350,000 to \$400,000. This is chiefly Mr. Knowles' technical view of it. And to ascertain whether wind work can be done for the committee will advise for bids immediately, even before presenting to the full committee.

**Electric Plant Matter.**  
The committee on Finance will meet tonight. The subject to be considered especially being the proposition to establish a municipal electric lighting, power and heating plant on the site of the old City House, at a cost of more than \$200,000.

When a measure was offered to the old Council and favorably reported by at least two committees of that body, but did not reach its final stage before the life of the body expired by legislative adjournment. It was reintroduced last, the present Council and referred to the Finance Committee, in which it will be taken up tonight.

**Fate in Balance.**  
The fate of the measure for the life of the present Council will probably be determined by the action of the Finance Committee tonight. The advocates of the plan have estimated the cost of the plant at \$200,000. The plan is prepared by experts on the basis of data prepared by the city engineer, who is now preparing his own plan. On the other hand, the Passengers and Police Committee, in a communication to the committee,

about with their bid for lighting the streets, declared that they could furnish current at sevenpence more cheaply than the city can make it. The entire subject will be thrashed out before the Finance Committee tonight.

**SANTA CLAUS CLUB.**  
Originator of the Charity Organization Made President Again.  
There was a reorganization of the Church Hill Santa Claus Club at the home of Mrs. J. H. Bickers, 1106 North Sixth Street, on Friday night. The club is a very popular one and its members are very active in their efforts to help the needy.

**Lady Macabees To-Night.**

**A DOCTOR'S TRIALS.**  
He Sometimes Gets Sick Like Other People.

Even doing good to people is hard work if you have too much of it to do. No one knows this better than the hard-working, conscientious family doctor. His trials are many and his work is hard. He is often called upon to attend to the needs of the sick and the dying, and he must be able to do so with the greatest of efficiency.

**To Discuss X-Ray.**  
A meeting of the Richmond Academy of Medicine will be held in the T. P. A. room to-night, when Dr. A. L. Grey will read a paper entitled "Present Value of the X-Ray in Diagnosis." The paper will be discussed by Dr. Ensign Williams and other members of the Academy.

**Drove Horse to Death.**  
Agent Emmett Taylor, of the S. P. C. A., is looking for John Moody, colored, who is alleged to have driven a horse to death. The horse was found dead on the street, and the agent is looking for the man who is alleged to have driven it to death.

## SECRECY DAY IN CITY HALL

Four Executive Sessions Held Yesterday by Council Committees and Boards.

ELECTROLYSIS MATTER UP

But Four Centes Available for the Care of Insane—Question of Printing Orders.

Yesterday was secrecy day in City Hall. The Council Committees on Water and Electricity holding an executive session from 8 until 10; the Board of Police Commissioners from 8 until 10:30; and the Board of Health from 8 until 11:30. In the afternoon the Subcommittee on Relief of the Poor held an executive session of an hour and a half. The secret session habit is growing rapidly, though just what the occasion for it is no one has explained. So far as known, the meetings of the Council and Board of Aldermen will still be open, unless the habit grows. Nobody alleges that there is anything to conceal, and individual members express themselves in opposition to secrecy, but when the pinch comes most of them agree to the motion to close the doors.

**Electrolysis Matter.**  
The meeting of the Water and Electricity Committee jointly was for the purpose of considering the best method of presenting the city case of the electrolysis matter. Just what the committee decided was not made known after the meeting, the members being unusually reticent. There were present in addition to the members of the two committees, Superintendent Belling, of the Water Department, and Superintendent W. H. Thompson, of the Fire Alarm Telegraph Service.

It is understood the committee considered the matter of securing additional experts to represent the city in the controversy with the Passengers and Police Company. Superintendent Thompson, the head of the electricity branch of the government, but took no part therein. Mr. Dabney H. Murray, an expert on electrolysis, was present and gave information to the city's representatives, and suggested questions to them, but took no part openly in the procedure. The necessity of employing additional experts, in order to make an examination of conditions, was discussed last night, but some of the members opposed the proposition to employ additional men.

**No Final Conclusion.**  
When the hearing in the Council chamber closed last Friday evening, it was with the understanding that the two committees, the Board of Police Commissioners and the Board of Health, had been given of the call until yesterday afternoon, when the committee were to meet. Just that the occasion of the hurried call was not stated.

It was decided last night that the secret session be held at the home of a member of the committee, and that a Committee on Printing and Claims, in which there is no interest. Among other things it developed that the city has four cents available for the care of lunatics in the city jail or elsewhere, awaiting their commitment to a State hospital.

**Four Centes Available.**  
The only open session of a Council committee was that of the Committee on Printing and Claims, in which there is no interest. Among other things it developed that the city has four cents available for the care of lunatics in the city jail or elsewhere, awaiting their commitment to a State hospital.

**ALMSHOUSE MATTER.**  
Subcommittee Meets Again in Executive Session.

The subcommittee of the Committee on Relief of the Poor engaged in the inquiry into conditions at the City House, and yesterday afternoon, and went into executive session to take further testimony in the matter. Steward Hughes was the witness under examination during the most of the session, and the baker of the institution was awaiting his turn as the next witness. All the employees of the home and hospital are to be examined, and their testimony recorded by a stenographer, after which the subcommittee will formulate its recommendations to the full committee.

**JOHNSON HERE.**  
Slayer of Browdy Brought Back to Richmond.

Thomas Johnson, the negro who one night last week shot two negroes in a construction car on the Seaboard Air Line, and the two victims, who were brought back yesterday from Norfolk by Captain Tomlinson.

James Browdy, who was shot in the stomach by Johnson, died from the wounds, and Johnson will have to face a charge of murder. The other victim, a man named Johnson, recovered from his wounds in the thigh.

Johnson claims that he shot the two men in self-defense. It was alleged at the trial that the shooting that he was drunk, and that the two victims of his revolver were entirely innocent of any trouble.

## SUNDAY SCHOOL WORKERS GATHER

Big Meeting Held Last Night in Parish House of Grace Episcopal Church.

SEVERAL FINE ADDRESSES

Important Session of Commission at Episcopal Rooms This Morning.

An important meeting of the Church Sunday-school Institute of Henrico parish of the Episcopal Church was held in Grace Church parish house, Main and Finsbury Streets, last evening. The attendance was very large and the interest great.

Every Episcopal Sunday-school in the city and county was represented, and most of the clergy, including Bishop Gibson, attended. The meeting was presided over by Mr. Frank Beveridge, the president of the Institute.

Several fine addresses were given by the Rev. G. C. O'Connell, of Christ Church, on "A General Outline of the Work of the Commission," the Rev. T. C. Smith, of St. Andrew's, on "Curricula and Methods of Instruction," and the Rev. J. J. McElroy, D. D., rector of George's Church, Frederickburg, on "Teacher Training." These addresses were most interesting and helpful.

There will be a meeting of the Sunday-school commission at the Episcopal rooms to-day at 10 o'clock. The business of importance will be discussed.

**TO ENLARGE CHURCH.**  
Congregations at West View Growing—Other Notes.

The Rev. J. James Buchanan read a thoroughly interesting and practical paper, "Personalities in Religion," at the meeting of the Henrico Association, which was held yesterday morning. The several points of his argument will be discussed by the members of the next meeting.

Reports for the past month from the churches were read. The Rev. George W. McDaniel, of the First Church, reported that he had received ten by letter and two by telephone. He preached the annual sermon before the O. U. M. A. Sunday morning, his subject being "The Perils of Ignorance."

The Rev. William L. Hall said that West View Church has special cause for thanksgiving in the fact that the church debt of \$1,000 had been entirely paid. It is probable that the church building will have to be enlarged in order to accommodate the large number of people who attend both the Sunday school and church services.

The revival services at Venable Street Church are to be continued this week. The meeting is attracting crowds of inquirers, and the church is full. The Rev. J. J. McElroy, of the State Mission Board, will be preaching there next week.

The Rev. W. E. Robertson reported that the Henrico Association of churches is planning to hold a series of religious services at the Henrico Home for Old Ladies, which will also receive a special sermon by the Rev. J. J. McElroy, of the Henrico Association, on Sunday evening, his subject being "Christ in the Camp."

The Rev. George W. McDaniel leaves tomorrow for a tour of duty in the Southern States. He will return Sunday night, and will deliver a series of lectures on the subject of "The Perils of Ignorance" in the First Baptist Church, the Rev. Mr. McDaniel is a member of the Henrico Association of churches.

**MR. LAWRENCE COMING.**  
Authority on Sunday Schools to Lecture Here.

One of the most interesting events in church circles this winter will be the visit to Richmond of Mr. Marion Lawrence, of Toledo, O., general secretary of the National Sunday School Association. Mr. Lawrence is considered the best authority in the world on Sunday school work in general. He will be in Richmond on December 10th, 11th and 12th, and will deliver a series of lectures on the subject of "The Sunday School as a Factor in the Christianization of the World."

There will be two lectures on each of the above-named days, those in the morning to take place at 10 o'clock in the hall of the Henrico Association, and those in the afternoon to be at 2 o'clock in Grace Street Baptist Church.

Mr. Lawrence is in great demand as a lecturer, and is fortunate to be able to secure time for three days. He has addressed the largest and most representative gatherings of Sunday school workers in the country, and his work is all his life. All those interested in any way in Sunday schools will be invited to attend his lectures, teachers especially. The program with the subject for each lecture will be arranged later.

**MANY WORKING HARD FOR RAILWAY Y. M. C. A.**  
Movement to Secure Old Market Site for Building Steadily Gathering Force.

Business men located all around the Main Street Station and further east on Main Street have started a well-organized movement to petition the City Council to purchase the site of the old First Market for the Y. M. C. A. building. It is to be used as the building lot of the handsome new building which the Y. M. C. A. is ready to put up.

The building to be erected on the old market site, on Franklin Street and Shockoe Creek, but for many reasons this is an undesirable location. The surroundings would not be in harmony with such a building. The general environment is not such as would promote the welfare of such an association. It has since come into the minds of the business men on East Main Street that the building should be erected on that site, which is the most suitable site for the Y. M. C. A. building, as well as to the business men.

When the repair work on the old market is completed it will still be an eyesore, and the men who are working to have the site sold for the use of the Y. M. C. A. building say that this structure would be a vast improvement. It would very much enhance the value of the real estate surrounding the market, and would still further improve the general appearance of that part of Main Street. For the Y. M. C. A. it would be a great advantage, as well as to the business men.

It is proposed, in the event that the Council agrees to the plan, to have it appointed a real estate man to act with the two to select a third, who shall be a commission to settle upon the price to be demanded for the lot.

The business men who have formed themselves into a project to buy the plan before the Committee on Markets, and to ask its favorable consideration, are: S. P. Jones, of Jones Brothers; Charles J. Billups, Jacob Lewitt, George W. Brown and W. A. Chestwood, all business men of the neighborhood of the Main Street Station.

## THE THEATRES

Robert Wayne, one of the most successful of the new crop of dramatic stars, will appear at the Academy of Music on Thanksgiving Day, matinee and night. In a presentation of "By Right of Sword," a Russian military drama, that will afford the romantic player an opportunity to establish himself in the good graces of the theatre-goers.

"By Right of Sword" is a powerful play. It deals with the adventures of an American in Russia. The young adventurer stumbles into a scrape almost as soon as he arrives, and his fever for excitement is thoroughly fed. He has a duel with the champion swordsman of the army, and wins the battle and the enmity of the vanquished, who immediately starts in to make things unpleasant, but who is caught in his own trap, and the American comes out with honors and a bride.

## HERE FROM BOSTON.

State Senator and Wife Call on Mayor McCarthy.

Among the callers at the Mayor's office yesterday was State Senator-elect Edward J. Bromberg, of Boston, Mass., and his wife, who was formerly a resident of Richmond. Mr. Bromberg wears a handsome badge indicative of his office as Alderman, and stated that the Mayor wears a handsome jeweled badge. He laughingly suggested that the Mayor send to Boston and run for Mayor, in order that he might get one of these.

The visitors had been sight-seeing in the city, and left to visit the Davis mansion. Mrs. Bromberg also desired to secure a miniature Confederate flag to carry home with her.
